

Nocospray 2 Biospray machine

Portable Aerial Surface Disinfection Machine

Fully automatic robot - easy setting mode with automatic stop

No wiping or airing required after treatment

Treats volumes from 10 m³ - 1 000 m³

Product Information

Package Size	1 x 1 st
Product Code	2000.001
Manufactured in	France

Technical Informaion

Power	1 000W
Manufactured to	ISO 13485
Weight	6,2kg
Compatible with	1 L bottle
Average flow	1 000ml/h

Compatibility

Name	Product code
Nocolyse 1L	4000.020
Nocolyse Food 1L	4020.020
Nocolyse One Shot 1L	4010.020
Oxypy 1L	4200.020
Oxypy + 1L	4230.020
Moxy 1L	
Oxydor 1L	4300.001

Nocomax Easy Inox Biospray machine

Portable Aerial Surface Disinfection Machine for large areas
 Very small quantities of product required
 Treats volumes from 500 m³ - 20 000 m³

Product Information

Package Size	1 x 1 st
Product Code	3100.120
Manufactured in	France

Technical Informaion

Power	2 000W
Weight	45kg
Compatible with	20 L bottle
Average flow	6L/h

Compatibility

Name	Product code
Nocolyse 1L	4000.020
Nocolyse Food 1L	4020.020
Nocolyse One Shot 1L	4010.020
Oxyppy 20L	4200.020
Oxyppy + 20L	4230.020
Oxydor 20L	4300.001

Wall or ceiling mounted aerial surface disinfection

Fully automatic

No wiping or airing required after treatment

Treats volumes from 10 m³ - 1 000 m³

Product Information

Package Size	1 x 1 st
Product Code	2002.001
Manufactured in	France

Technical Informaion
